## Desktop version

You can top up your trading account in 3 ways:

- 1) Go over to the “Navigator” panel, select your account, right-click on it and select “Deposit” in the menu
- 2) If your account is already active, right-click on the chart of the instrument and select «Deposit»
- 3) In the bottom panel, click + next to the “Profit” value

Next, you will be automatically redirected to the deposit form, where you will need to specify the desired amount and payment method

## Mobile App

Go over to the "Trade" section, tap on the credit card icon in the upper-left corner and tap "Deposit"
